- Neither I nor my partner, nor any close relative of mine, has a significant interest in any organisation that may supply goods or services to the school.
- I declare the following interest/s.

Interest Part (e.g. Self, Partner, Close relative)	Nature of interest and name of business
<i>Self</i>	<i>I am on the books as a speaker for Matthew Syed.</i>

To be completed in all cases:

- I undertake to keep this declaration up-to-date while I hold any position that requires it, and to renew it each year.

I undertake to abstain from any decision making which may result in substantial, direct or indirect, reward for me, my partner or spouse, or a close relative from a transaction made with the school, whether or not that interest is declared here.

Signed: 

Date: *21/1/19*

Explanatory Notes:

Members of staff and Members, Directors or Governors of the SET t are forbidden from being involved in decision making relating to the purchase by the Trust or its schools of goods and services from themselves, their relatives or organisation in which they or those close to them have significant interest. The school is required to maintain a register of such interests.

This form provides a standards way for Members, Directors, Governors and staff to declare such interests. It will be kept in the appropriate School Office and is open for inspection by authorised persons e.g. Ofsted Inspectors, Internal or External Audit, Education Officers, etc.

A significant interest is defined as one in which the individual stands to gain substantial direct or indirect reward from a transaction made with the Trust or its schools. Owning a firm that makes supplies to the Trust or its schools would qualify, whereas owning a few shares in e.g. British Telecom would not. Most interests fall between these extremes.

In deciding whether an interest should be registered, ask yourself:-

- Is the interest significant?
- Does the interested party stand to gain direct or indirect reward from a transaction with the Trust or its schools?

If in doubt declare it!
